REQUESTS FOR OLD RATES DURING THE TRANSITION PERIOD

- **Applications with Pending Ownership Arrangements:** Updates to applications as part of establishing a trust or finalizing the ownership arrangement can be made after the application deadlines outlined in the transition rules. However, these cases must still meet the application deadlines for the original application and comply with all other deadlines outlined in the transition rules.
- **Informal/Inquiry Applications:** Informal/Inquiry applications will not be eligible for Old Rates unless replaced by a live application by August 15, 2022.

REQUESTS FOR NEW RATES

Requests for changes to the New Rates will be permitted consistent with the following current practice for these situations:

- Any pending case or issued policy that is not yet delivered with an application date prior to the state introduction date can be changed to New Rates, as long as the request for change is made on or after the state introduction date.
- An existing PruLife VUL Protector policy that has been delivered, is in force, and is still within its 90-day New Business Change Period can be changed to New Rates and keep the original policy number and policy date. The written request must be submitted on or after the state introduction date with a matching illustration, revised Product Disclosure form, confirmation of billed premium with the new rates. Existing policies that are outside the 90-day New Business Change Period cannot be changed to the New Rates.

- During the 90-day New Business Change Period, Face Amount increases with old rates **will not** be allowed.

The 90-day New Business Change Period is defined as the 90-day period beginning on the later of the policy date or issue date. For a contractual Term Conversion that is issued after the end of the original conversion period, the change period is defined as the 90-day period beginning on the policy date.

BACKDATING

Normal backdating rules apply, meaning that the new policy date can be backdated up to six months prior to the application date. A policy with New Rates can be dated prior to the state introduction date as long as the application meets the requirements in the TRANSITION RULES above. Please note: If the date of birth is more than 6 months prior to the state introduction date, you cannot backdate the policy to save age with a request for the new product version.

TERM CONVERSIONS

- Old or New Rates can be issued if the convertible period ends prior to the state approval date and the application date is after the state approval date but within 31 days of the convertible period end date. (Application is dated within the transition period and within the 31 days to the end of the convertible period).
- Only New Rates can be issued if the term conversion is requested after the state approval date and the application date is outside of 31 days after the convertible period end date.
